

# Congratulations

# Tower Works, Inc.

for being  
**ON THE JOB**  
and wearing Primus

Primus would like to congratulate and thank **Tower Works, Inc.** for winning our Cover Photo Contest this quarter.

### About Tower Works, Inc.

Tower Works, Inc is a full service communications tower company with total dedication to completing your next project on time and on budget.

From new construction to maintenance or repair of towers, monopoles and stealth sites, the company's crew of seasoned professionals will get the job done. Among Tower Works abilities are the following: Certified welding, microwave specialties, concrete and two-way repeaters, satellite dishes, guyed towers, monopoles and self-supportors.

Wireless service providers use our expertise in Cellular, PCS, WiFi, WISP or microwave systems. Broadcast, Public Safety, E911, radar, land mobile, or ham radio sites, Tower Works has the solution to your installation project.

Tower Works is dedicated to total customer satisfaction and loyalty. Let Tower Works take your next project from start to finish and see the difference.

For more information about Tower Works, call (630) 557-2221 or visit [www.towerworks.net](http://www.towerworks.net). Use of towers, compliments of Chicago Tower Leasing.
